Development Department
Fort St. George.
Through The Chief Engineer for Irrigation
Madras.

Enclosures: No. B.3.549/43, dated 1st September, 194 3.

Sir

Sub: Water registrar - Agricultural Research Station Siruguppa - Increase of wages.

I have the honour to state that in G.O.No.2952, Public Works Department (Irrigation) dated 22nd December 1936 sanction was accorded for the appointment of six water registrars for nine months in a year and one water registrar for the remaining three months on a pay of Rs.25/- to assist the Supervisor in taking hourly readings. The appointments were made by the Public Works Department and the water registrars were under their control till March 1940 when the Public Works Department transferred the control of the pumping station and the staff connected with it to the Assistant Agricultural Chemist, Agricultural Research Station Siruguppa. The pumping plant includes engines, spare parts of machinery consumable stores like crude oil etc. costing about Rs.2,000/- The plant is situated two miles away from the Research Station in the depot of the Agricultural Demonstrator, Siruguppa and the executive staff of the station

find it difficult to leave their work and go to the depot now and then to attend to the issue of the oils and to all the miscellaneous work connected with the proper working of the oil engine. The hands of the staff at the station are also full withthe farm work. It is therefore found necessary to entrust the charge of the stores to the care of one of the water registrars (the senior most among them) under the supervision of the senior farm manager. In view of the added responsibilities, it is necessary that the pay of the water registrar in charge of the stores should be raised. It may be fixed in the scale of Rs.30-3/2-45 on a par with the pay of Turner employed in the Agricultural College, (as defined in appendix 3 of Departmental Manual) and paid out of contingencies. The water registrar will be asked to furnish a security of Rs.300/- . I request that my proposals may kindly be sanction

Your obedient servant

For Director of Agriculture.
